

21<sup>st</sup> February, 2022

To The Hiring Manager,  
Coseke,  
P. O. Box 1208 - 00606,  
Nairobi, Kenya.

Dear Sir/Madam,

**RE: APPLICATION FOR DJANGO SOFTWARE DEVELOPER POSITION**

I hereby wish to apply for the Django software developer position where I will be working to maintain Django based systems.

I believe at Coseke I can showcase my skills and also get to work with experts and talented teams to develop and offer high quality software products as well as grow into my role as a software developer. It would be a great privilege to join and work in a reputable organization like yours which has over thirty years of developing and providing digital solutions such as websites, high quality software, cloud solutions, electronic document management solutions and physical and digital archiving of files just to mention a few.

I have gained extensive applicable knowledge and skills in software development by working on personal projects. Specific to programming, I have gained in-depth knowledge in programming languages such as JavaScript, HTML5&CSS3, Python, Django, Express.js, React.js and Node.js. Am also constantly learning new technologies to add and update my skills. I believe that my education, skill-set, and experience make me a suitable candidate for this role.

During the course of my studies, I have gained a specialist's understanding of various programming principles and the software development cycle, and I am effective in explaining and translating complex information into solutions.

I am very interested in gaining this opportunity. My contacts are provided below if I can provide you with any further information on my background and qualifications. I appreciate your time and consideration.

Yours Sincerely,  
Ambrose Mbithi Ndone
